Dear Wessel Bakker, Dear Frank Koers,

We would like to express our shared sadness to the Dutch National Committee for the loss of Wil Kling.

Wil Kling was a dedicated CIGRE member: He will be missed as the Dutch representative on the Administrative Council since 2006 and as your representative for study Committee C6. He will also be missed by the Technical Committee where he represented the Administrative Council in 2013 and 2014. Wil Kling was appreciated by everyone in all of his CIGRE roles.

Wil Kling will be remembered by us all as an exceptional engineer with a great commitment to CIGRE. We will all miss him as an appreciated CIGRE member but beyond that we share our deepest condolences as we have lost a friend.
